PROFESSIONAL SUMMARY

Front-End Developer with 3+ years of experience building responsive, high-performance web applications using React.js, Next.js, Astro.js, and modern JavaScript (ES6+). Skilled in translating complex UI/UX designs into clean, scalable, and accessible front-end architectures using HTML5, CSS3, and Tailwind CSS. Experienced in state management with Redux and React Query, RESTful API and GraphQL integration, and component-driven development for maintainable, reusable codebases. Proficient in performance optimization techniques including lazy loading, code splitting, and memoization, consistently delivering SEO-friendly, cross-browser compatible, and mobile-responsive interfaces. Adept at cross-functional collaboration with backend, QA, and product teams in Agile/Scrum environments to ship production-ready features on schedule.

CORE SKILLS

React.js, Next.js, Astro.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Redux Toolkit, React Query (TanStack Query), GraphQL, REST APIs, Material UI, Bootstrap, SCSS, Styled Components, Git, GitHub, GitLab, Docker, CI/CD, Vercel, Vite, Node.js, Express.js, MongoDB, Figma, Agile/Scrum

PROFESSIONAL EXPERIENCE

Front-End Developer <i>eOxygen - Track Four Infotec (I) Private Limited Kolkata, West Bengal</i>	2025 - Present
- Engineered core front-end modules (Claims Processing, Provider Management, MDM, User Management) using React.js, improving scalability and reducing code duplication via reusable components. - Integrated React Query for optimized API data fetching, caching, and async state management, improving application responsiveness. - Implemented Redux for centralized state management, ensuring predictable updates and streamlined debugging. - Built modular, reusable JSX components following component-driven architecture and clean code standards. - Designed responsive, accessible UI using Tailwind CSS, HTML5, and CSS3 across all devices. - Integrated RESTful APIs and handled query mutations with backend teams for reliable data flow. - Optimized performance via code splitting, lazy loading, and memoization, reducing unnecessary re-renders. - Collaborated with QA teams to debug and resolve production issues, ensuring bug-free, high-quality releases in an Agile/Scrum environment.	
Front-End Web Developer <i>Webskitters Technology Solutions Pvt. Ltd Kolkata, West Bengal</i>	2023 - 2025
- Developed multi-location front-end platforms using Astro.js, leveraging island architecture for fast, SEO-friendly web experiences. - Built type-safe, scalable components using TypeScript and React.js, reducing runtime errors and improving maintainability. - Integrated React Query for efficient API data fetching, caching, and state synchronization across modules. - Consumed GraphQL APIs to fetch dynamic service and location data, optimizing query performance. - Implemented React-Leaflet and Google Maps API for real-time location tracking and interactive visualization. - Built intuitive booking/scheduling interfaces for seamless, location-based appointment scheduling. - Ensured responsive, type-safe component architecture and clean code structure, improving scalability. - Collaborated cross-functionally with backend and design teams to deliver smooth end-to-end experiences. - Achieved GT-Metrix scores above 90% across all pages via asset minification, lazy loading, and rendering optimization. - Worked within Git-based CI/CD workflows, cloning repositories and integrating changes seamlessly with DevOps-managed deployment pipelines.	

TECHNICAL EXPERTISE

Languages: HTML5, CSS3, JavaScript, jQuery
Frameworks / Libraries: React.js, Next.js, TypeScript
Design Tools: Figma
State Management & UI Libraries: React Query, Redux Toolkit, React Hooks, TanStack Query, Tailwind CSS, Material UI
Version Control & Deployment: Git, GitHub, GitLab, Vite, Docker, CI/CD Workflows, Vercel
Backend Technologies: Node.js, Express.js, MongoDB
Responsive Design: Bootstrap, CSS, SCSS, Styled Components

EDUCATION

Bachelor of Technology in Electronics & Communication	2023
<i>Dr. Sudhir Chandra Sur Institute of Technology — Dumdum, West Bengal</i>	
Grade: 8.82 CGPA
